

Senior Graphic Designer

Full-time · Remote · US Eastern hours

Email your application

beacon layer

What you'll do

- Brand**
 - Own the brand for the accelerator, fund and podcast
 - Build and maintain a Figma library and templates
 - Keep X, LinkedIn, Telegram and the site consistent
- Design**
 - Design social, blog, deck, pitch and event graphics
 - Lead type, layout and art direction, commission art
 - Produce light motion for promos
- Podcast**
 - Create thumbnails, episode covers and audiograms
- Team & more**
 - Ship campaigns and landing pages with marketing
 - Juggle multiple projects with clean file hygiene
 - Pitch in on other fund projects as they come up

What we're looking for

- Must have**
 - 5+ years and a strong brand and social portfolio
 - Expert in Figma and Adobe Creative Cloud
 - Experience building design systems and templates
 - A feel for crypto culture beyond short-lived trends
 - A sharp eye for detail, iterating on performance data
 - Great collaboration with content, growth and ops
 - The drive to own outcomes at startup pace
 - Availability to work US Eastern Time (ET) hours
- Big plus**
 - Motion skills, After Effects and basic video editing
